

Port Alma

WIND POWER PROJECT

What is the purpose of this Open House?

- To update you on the status of the Port Alma Wind Power Project and the Environmental Screening Process
- To receive input on the project and identify issues to be considered during the Environmental Screening Process
- Stakeholder input is a big part of the project planning and the Environmental Screening Process, so please assist us by reviewing displays, speaking to a representative from Kruger Energy or Stantec Consulting, and filling out a questionnaire.
